

## Exhibition and Sponsorship Options

Dear Madam, Dear Sir,

We cordially invite you as exhibitor and sponsor to the **CUTTING EDGE PATHOLOGY Congress** which will be the largest and most important congress of European veterinary and toxicologic pathologists in 2017. After the overwhelming success of the previous two joint meetings held in Uppsala in 2011 and Berlin in 2014, the three organizing societies (*European Society of Toxicologic Pathology, European Society of Veterinary Pathology, European College of Veterinary Pathologists*) have decided to organize this major event at the Université Catholique (UCLy <http://www.ucl.fr/our-campus/saint-paul-campus/>) de Lyon, France from the 30<sup>th</sup> of August to the 2<sup>nd</sup> of September 2017, with the support of the French Society of Toxicologic Pathology and the French Society of Veterinary Anatomic Pathology.

Ideally located in the south of France, Lyon is within easy reach of all European countries and beyond. In addition to the well-known historical background and gastronomic tradition, Lyon is at the forefront in the field of medical research as well as drug and vaccine development. An ever-growing network of small and large biotechs and pharma companies is well established in and around the town, with about 60.000 employees in biotechnology and health industry.

The Congress will embrace a **wide range of scientific, continuing education, professional associations and training modules** with internationally known expert speakers. Four to five hundreds participants are expected from Europe and overseas including expert pathologists and pathologists in training in veterinary research, diagnostic pathology, and toxicologic pathology from industry and academia.

**As your business is highly relevant to the field**, we are proud to invite your participation and presence at the Congress.

3<sup>rd</sup> Joint European Congress of the ESVP, ESTP and ECVP  
30 August - 2 September 2017  
Lyon, France

Enclosed, please find our panel of options for your exhibition and sponsoring activities. We will be more than happy to address **your individual ideas, wishes and visions** for your individual contributions, in order to make your participation the success that you envision.

We are looking forward to hearing from you and discussing your own creative ideas and options.

Yours sincerely,

Franck Chanut  
Co-chair of the ESTP  
Scientific Organizing  
Committee
